Re: Fayetteville Fire Station

Dear Jeff:

I wanted to take a moment to personally thank you and your entire team for the professionalism and attention to detail exhibited at the Fayetteville Fire Station project. Far too often in today's public bid world of construction low bid unfortunately leads to low performance and low results. Ron Cellamare, and the rest of your team were a pleasure to work with, and the finished project will be an everlasting reminder of their commitment to quality craftsmanship. It was clear in working with them that they had a genuine interest in not only meeting but exceeding the expectations of not just HUEBER-BREUER, but the owner as well.

It is apparent that safety, quality, partnering, pride, and accountability are not just buzz words at Sherman Construction, but the foundation upon the successes you have accomplished.

I look forward to working with you on other projects in the future.

Well done !

Sincerely,  
HUEBER-BREUER CONSTRUCTION CO., INC.
